ONCE REGISTERED

How to Book

To book a private lesson, select private lessons then look for an available lesson slot, click on the time and add this to your basket where you can then pay for the lesson. When booking you will only have the option of School Horse, if you would like to ride a certain horse you can request this under Notes, if available/suitable we will assign you that horse.

To book a group lesson you will need to of been assigned a group lesson slot, only this group lesson will then show. To book on the lesson go to the appropriate day click on the Group lesson and again follow the instructions above to book and pay.

Private Lessons

Once you are on the system if you ride on a regular weekly basis any private lesson slots that you have can be reserved for you. This means that only your slot, or any slots that have not been reserved by anyone else will show on your App or PC account for you to book onto. Any reserved private slots will be released for others to book if you do not book three days before your lesson time.

Group Lessons

For group lessons once a group lesson time has been established for you only this group (or groups if you have more than one group lesson) will show up on your account for you to book on and you must attend on a regular basis to keep this slot.

Booking Multiple Lessons

You can book a block of four lessons which will then give you a 5% discount. Once you have added four lessons to your basket the discount should be automatically applied when you checkout.

Notes on Lesson Bookings

The new system will work on advanced booking basis so unless you have booked a block of lessons in one session you will need to book each week for the following week.

Once you have booked a lesson any cancellations will be subject to a 36 hour cancellation policy. Cancellations made with more than 36 hours notice will automatically be credited to your account, with less than 36 hours notice no credit will be given.
